OUR SOCIAL CAUSE

We Are Jeunesse Kids™

As a global leader, Jeunesse has a social responsibility to the community. Jeunesse is more than just a business—Jeunesse is family—and our charitable organization, Jeunesse Kids is the epitome of this principle. Our partnership with Free the Children is releasing kids from poverty, lack of access to education, and exploitation. Their Adopt a Village Program has brought more than 650 school rooms to youth and provided clean water, health care and sanitation to 1 million people around the world. This is your chance to serve others and make a difference—because we're

not only helping children around the world, we're changing their futures.

Jeunesse Kids is giving children the rights they should've had from birth: the claim to health, the opportunity to learn, and the protection they need to grow. Jeunesse Distributors can make a donation by logging into Joffice and selecting the Shop tab. Make a donation!

We can act together, a better world is ours to give!

Wendy Lewis & Randy Ray

Welcome Message

In 2015, we were thrilled to celebrate the sixth anniversary of Jeunesse and Generation Young. From its humble beginnings, we've grown into a global family that encompasses thousands of devoted Distributors from all over the world.

Our launch date—September 09, 2009 at 9:09 a.m.—was not coincidental. The number 9, which represents longevity, supported our vision for a company to not only survive, but thrive. Thanks to all of you, we are indeed thriving.

Our new mission statement reflects our desire for all people to thrive.

JEUNESSE MISSION STATEMENT

The Jeunesse Family creates positive impact in the world by helping people look & feel young, while empowering each other to unleash our potential.

Jeunesse Kids is also a very important part of our mission. We have 3 villages being impacted now—in China, Kenya and Ecuador.

As we head into a new year full of promise, we hope your market will join us in creating a more positive impact in the world with our innovative products. We're confident as you share the Jeunesse business opportunity, more people will be empowered to create the life and lifestyle they've always dreamed of.

Thank you again for all that you do for Jeunesse and our global family. Your loyal dedication does not go unnoticed. We can't wait to celebrate another six years!

Sincerely,

Wendy Lewis & Randy Ray

As we head into the final stretch of another record-breaking year for Jeunesse, I want to take the time to thank our European markets for their outstanding contribution to the global Jeunesse family. We have seen tremendous growth in 2015, and are excited to see what milestones we will surely reach in 2016.

We're thrilled our dynamic business opportunity and revolutionary youth enhancement products are being shared in your markets and around the world. Each of you is making a difference and helping Jeunesse create a lasting legacy.

Thank you again for being a part of One Team.
One Family. One Jeunesse.

Warmly,
Scott Lewis
Chief Visionary Officer

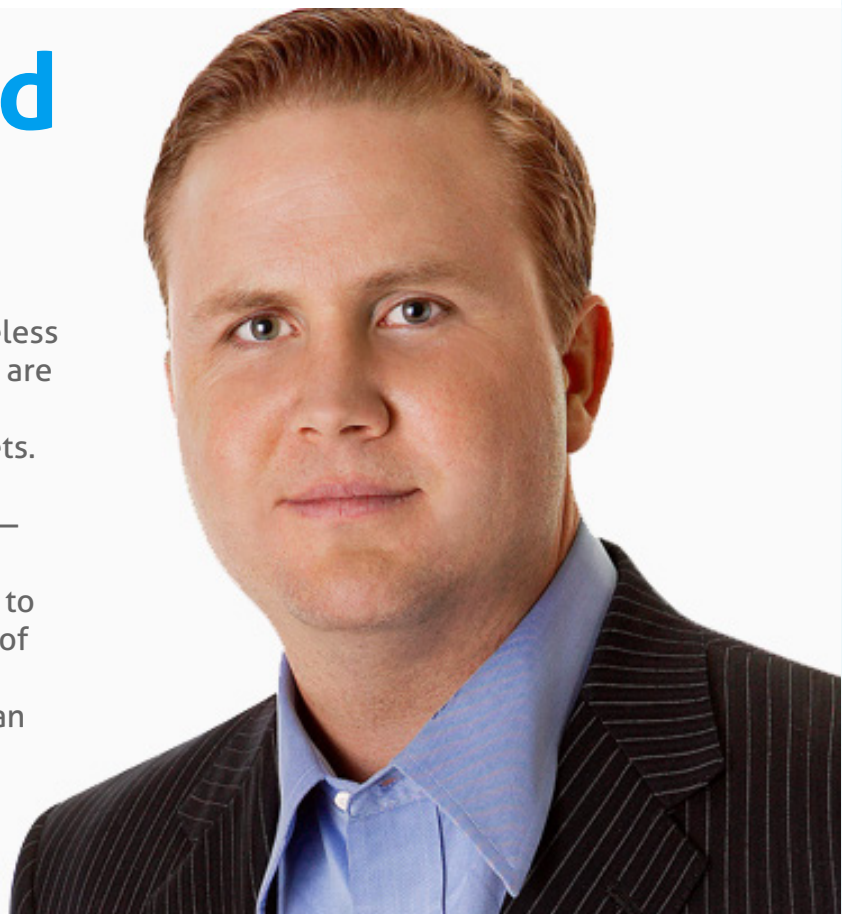

Kyle Copeland

I'd like to echo Scott's sentiments above and thank each and every one of you for your tireless dedication and commitment to Jeunesse. We are truly one family, and it's been an absolute pleasure to preside over the European markets.

We have seen record growth in the last year—much of this is due to your hard work and sacrifice. I love this industry, and am grateful to interact, collaborate and learn from so many of you on a daily basis. Let's keep striving for greatness here in Europe. I'm confident we can help shape a bright future for Jeunesse.

EXPLORE THE SECRET OF ZEN BODI™

ZEN BODI is a targeted, holistic approach to weight management. By curbing cravings, burning fat and building muscle, ZEN BODI opens the path to health and restores the body's natural mechanisms.

ZEN BODI™

One of the major news announced on Jeunesse Paris University 2015 was the revolutionary ZEN BODI! Get to know this revolutionary product right now!

ZEN BODI was designed after years of scientific studies with doctors and scientists who have been in the health industry for decades. A proprietary blend of synergistic nutrients, it works by naturally targeting multiple systems in the body.

The human body is remarkably complex. Many different mechanisms work together to keep you fit and healthy, which means a multi-functional approach is necessary to manage weight effectively.

While you eat, your fat cells naturally produce a vital messenger called leptin, the "satiety hormone". Leptin plays two roles in the body:

one, it communicates to the brain that your body is no longer hungry, and two, it tells the brain when it's ok for the body to start using fat cells as an energy source.

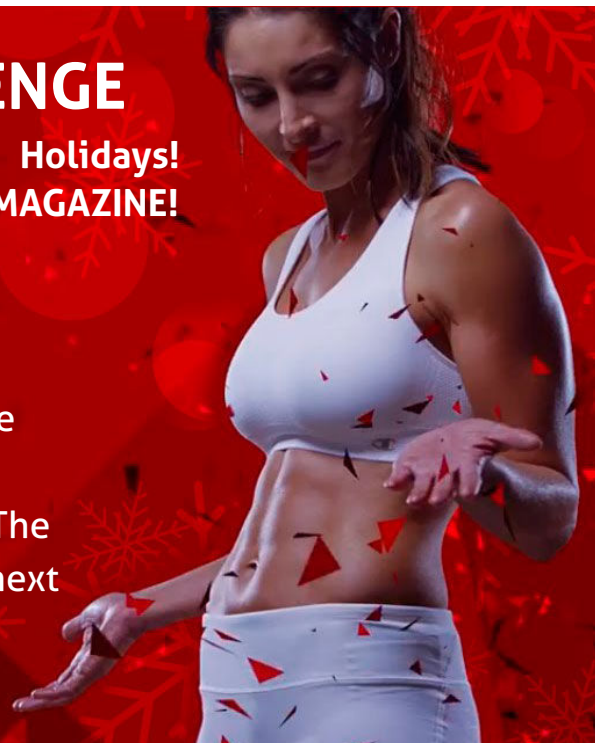

The ZEN BODI system helps normalize leptin and CRP levels and ZEN Shape flights cravings that lead to overeating. After preparing your body to burn off excess energy stored in fat cells, ZEN Fit steps in to support muscle recovery by combating stress hormones and providing the key building blocks for protein synthesis. Finally, ZEN Pro provides fuel for lean muscle and satisfies hunger with 21 grams of high-quality protein and only 140 calories.

Stop dieting, start living. Unlock the secret of balance with ZEN BODI!

ZEN SHAPE™

Featured in Forbes Magazine as one of the most effective ingredients on the market, African mango seed extract has been turning heads internationally. Meticulously developed, ZEN Shape was made to help you reach your fitness and wellness goals. A vital part of the ZEN BODI System.

ZEN FIT™

ZEN Fit is full of amino acids which aid muscle recovery, protein digestion, and help burn fat and lift your mood. Helps heighten the brains sensitivity to leptin, meaning you'll be more aware of when your body is satisfied – you'll only eat what your body needs, no more, no less. Comes in two delicious flavours – Fruit Punch and Watermelon

ZEN PRO™

We've incorporated a potent blend of whey, rice, and pea proteins into ZEN Pro™—to build the power you need to tone up. Our proprietary powder is made from the highest quality protein available, which is easily digestible and healthier than many soy-based formulas. A vital part of the ZEN BODI System.

RECAP PARIS UNIVERSITY

Jeunesse University Paris was an event to remember as more than 4,000 attendees received world-class training and had the opportunity to hear from Founders Wendy Lewis and Randy Ray, Chief Visionary Officer Scott Lewis, European leadership, medical advisors and other key experts.

Jeunesse University Paris was held at the Espace Grande Arche, for two days, 17th and 18th October, in the heart of Europe's biggest business district. It was the ideal setting to welcome and celebrate One Team, One Family, One Jeunesse.

One of the biggest announcements from stage was the launch of the ZEN BODI. With tremendous growth happening in Europe, Distributors were thrilled to hear this product

line is now available in their markets. Other highlights included inspiring testimonials and recognition, the Sapphire Dinner Reception at the Le Pré Catelan and a raffle where iMacs, iPhones, and trips to Rome were awarded to attendees.

Jeunesse University Paris was a shining example of what can be accomplished when determined Distributors take the lead in achieving their dreams and helping others to do the same.

The Sapphire Night Dinner Reception was, without doubt, very special for all guests, combining great food, music, glamor and of course, a toast to the success of Jeunesse in Europe!
